

# Welcome to Glasgow Prestwick Airport

# GPA Tenants Security Briefing

# Why is this Security Briefing Important?

- By virtue, Aviation and Airports are a target to those individuals or organisations who may wish to do harm to civil aviation.
- As a tenant at Glasgow Prestwick Airport; ***you can make a difference to the Safety and Security of all Airport Users.***
- Feel empowered to report Security concerns to the Police and Security department by the adoption of a stop and challenge culture!
- Keeping people safe is a team effort; your contribution to that goal should not be underestimated

# AIM

**The aim of this Security Briefing is to:**

- **Increase personal Vigilance in an Airport Environment**
- **Promote Situational Awareness**
- **Report suspicious or unusual behaviour**
- **Disrupt; Deter and Deny Hostile reconnaissance**

# How Can You Help?

- If you have been issued with a Security Pass please wear it at chest height at all times
- Comply with Security Checks
- Challenge OR report people that are acting suspiciously or taking an interest in security protocols (referred to as Hostile Reconnaissance)
- Report any sightings of unattended items to security or the Police
- Close doors behind you and do not allow anyone to tailgate
- Immediately Report any faults with security alarmed doors
- When off duty remove your Security Pass

# Remember

- Your Knowledge of the airport is of value to those individuals or groups who wish to do harm to civil aviation
- Be mindful of what you post on social media, innocuous posts or pictures about Security or your access rights could be exploited

**Don't talk about the airport to anyone who doesn't need to know!**

# GPA Tenants Fire Safety Briefing

# Introduction

**FIRE CAN KILL-** Statistics taken from the Government's communities website also show that in addition to the 19 fire related deaths in workplaces between 2010 and 2011.

- 1,200 people were injured as a result of fires at work.
- An increase of 3% compared to 2008-2009.
- Smoke alarms were absent from the fire engulfed area in 37% of home fires !That means in real hard cold facts that 16,400 that actually had experienced a house fire had no proper smoke alarm fitted.
- 112 people died last year as a result of this. Amazingly there were a further 76 deaths where a smoke alarm was installed but was not working.

# Action on hearing the Fire Alarm

- Stay Calm- **DO NOT Panic!!**
- Leave the building by the nearest safe exit.
- **DO NOT** use the lifts.
- **DO NOT** stop to collect personal belongings.
- Switch off electrical equipment if you have time and it is safe to do so.

**YOU SHOULD ALWAYS TREAT A FIRE ALARM AS REAL  
EVENT!!**

**ON HEARING THE FIRE ALARM FOLLOW THE EVACUATION  
PROCEDURES**

# Action Discovering a Fire

- Stay Calm- **DO NOT** Panic!!
- Raise the Alarm Telephone **2000** internal (or breakglass)
- Only attempt to fight small fires without taking personal risk or to allow escape.
- Ensure you keep the fire in front of you and a clear escape route behind you at all times.
- **DO NOT** overstay your welcome.
- If the fire is out of control leave the building by the nearest exit.
- **DO NOT** use the lifts.
- **DO NOT** stop to collect personal belongings.

# Types of Extinguisher

Fire extinguishers are colour coded to make them easily identifiable. In the past the body of extinguishers were different colours Water (Red), Foam (Cream), Powder (Blue), CO2 (Black) and Wet Chemical (Yellow).

You may have old or new type extinguishers in your work place. However, new type extinguishers will be phased in over a period of time.

Fire extinguishers and their accompanying signage will also contain pictograms showing the kind of fires they can be used on, as in the diagram below;

# Extinguisher

Class A Fires only  
Water

Class A, B Fires only  
Foam

Class B, E Fires only  
Co2

Class A, B, C & E  
Fires only  
Dry Powder

Class F & A Fires only  
Wet Chemical

Remember **Only** tackle a fire after alarm has been raised first and if entirely safe to do so.

Remember **Only** use extinguisher if familiar with its correct use and it is the correct type.
