

At Glasgow Prestwick Airport, we are going through a thorough review of all our processes to ensure that they are effective and efficient. As part of this review, we have recently considered how customers pay for ID badges, whether they work for one of our tenants/concessionaires or are an onsite contractor.

The review revealed that the current process is inefficient, involves multiple steps and can cause delays in invoicing. In addition, there has been no price increase for several years as a means of supporting our tenants. Therefore, we are implementing a simpler system whereby customers pay either in advance or at the till, with new prices that better reflect the cost to the airport.

Prices from 1 April 2018 will be as follows:

Type	Old price	New Price
Full ID (inc. ASAT)	£72.00	£90.00
Airside Only/Black (inc. ASAT)	£72.00	£90.00
White 30 day	£32.00	£35.00
Lost /Stolen Pass to be replaced	£30.00	£35.00
Damaged	£30.00	£35.00
Reactivation	£15.00	£16.50
Amendment/Name Change/Role Change	£30.00	£35.00

Note: Previously Full ID didn't include ASAT

This advanced notice aims to provide you with enough time to prepare your systems in order to cope with the change.
